

## Deposit Availability Policy

When a deposit is made to your account, the funds may not be available immediately. For example, if you deposit a check on Monday, you may not be able to withdraw the funds from that check, and we may not pay another check with those funds, until Tuesday or even later. See the Availability Timeline below for details about when you can use the funds from different types of deposits.

If you withdraw funds from a check and the check is later returned unpaid, we may charge the check back to your account. Please remember that even after we have made funds available to you, and you have withdrawn the funds, you are still responsible for deposited checks that are returned to us unpaid and for any other problems involving your deposit.

### Availability Timeline for Deposits to Established Accounts

Below is our general policy for deposits to accounts open for more than 30 days. Longer delays may apply, and different rules apply for checks deposited to accounts open 30 days or less (see new account chart).

<ul style="list-style-type: none"> <li>● Check</li> </ul>	<ul style="list-style-type: none"> <li>● The next business day</li> </ul>

### What is a "Business Day?"

A business day is any day of the week except Saturday, Sunday, and Federal holidays. A deposit made before closing time on a business day is considered deposited that day. A deposit made after that time, or on a day we are closed, is considered deposited the next business day.

### Check Cashing, Immediate Availability, and Holds on Other Funds

We may cash a check or make a check deposit available immediately if you have funds to cover that check in any of your accounts with us. If we do, we will hold those funds (equal to the amount of the check) in your other account(s) according to the timelines described elsewhere in this policy. The first \$225 of a check deposit will be available the next day.

### Longer Delays May Apply

Funds from check deposits may be delayed for up to 7 business days if:

- We believe a deposited check will not be paid.
- You deposit checks totaling more than \$5,525 on any one day.
- You deposit a check that has been returned unpaid.
- You have overdrawn your account repeatedly in the last 6 months.
- There is an emergency, such as failure of computer for communications equipment.

We will notify you if we delay your ability to withdraw funds, and we will tell you when the funds will be available.
