Processing of Account Items	Citizens Savings Bank processes account activity each evening for items received prior to the daily cut off time. Citizen Savings Bank sorts items for processing by transaction type in the following order: ATM withdrawals are immediately deducted from your account at the time of the transaction, followed by debit

<p>Processing of Account Items (continued)</p>	<p>card transactions, telephone-initiated transfers, electronic transactions, pre-authorized debit transactions and paper-based checks or drafts.</p> <p>Within transaction types, items are processed by item sequence. Electronic items are processed by the earliest date/time and paper-based items by the check or draft number order. For example, if we receive two checks for payment and a debit card transaction in the same day, during nightly processing, the debit card transaction will process first, then the checks in check number order. The checking account balance is reduced as each item is processed by the amount of the item, plus any applicable overdraft fee currently \$35.00 that is charged. The fee applies to overdrafts created by check, in person withdrawal, ATM withdrawal, or other electronic means as applicable.</p> <p>There is a daily overdraft/uncollected funds charge limit of \$105.00. Any overdraft/uncollected funds item for \$10.00 and under will not be charged.</p> <p>Our standard overdraft/uncollected funds fee is currently \$35.00 and will be assessed for each NSF item that is processed. Multiple fees may be charged for a given item, since multiple attempts may be made to submit a returned item for payment, resulting in a fee regardless of the number of times an item is submitted or resubmitted.</p>

If you believe your card has been lost or stolen, you must tell us within two (2) Business Days after you learn of the loss or theft. If your loss was at a U.S. PLUS ATM or processed through Visa, you will have zero liability.</p> <p>If you DO NOT tell us within two (2) Business Days after you learn of the loss or theft of your Card, and we can prove that we could have stopped the unauthorized transactions if you had told us, you could lose as much as \$500.00.</p> <p>Also, if your statement shows transfers that you did not make, tell us at once. <p>Non-VISA Debit Transactions</p>	<p>Citizens Savings Bank has enabled non-Visa Debit Transactions through the ACCEL/Exchange®. This allows you, the consumer, to process through a non-Visa network without using a PIN #. ACCEL/Exchange®</p>

Non-VISA Debit Transactions (continued)	<p>allows PINless bill-payment debits and credits for specific merchant types such as utility, property management and government payments. To initiate a non-Visa Debit transaction, you would clearly indicate at a point of sale that your preference would be to route it as a non-Visa transaction. In conducting a non-Visa transaction you, the card holder, would not be covered by Visa’s zero liability or Visa-associated protections and benefits. To initiate a Visa Debit transaction at a point of sale, the cardholder signs a receipt, provides a card number (ex. in e-commerce or mail/telephone order environments) or swipes the card through a point-of-sale terminal.</p>
